## SUMMARY OF INFORMATION

Phonetics of the true name of the individual SG1A associated with the vessel is "Col-ban", or "Neg-a-tos". The current location of the vessel associated with the call sign is in the Caribbean Ocean at approximately  $N^{-12^{\circ}}$ ,  $\omega$   $76^{\circ}$ .

The vessel is not privately owned and operated. This vessel is a military vessel — like a cutter or offshore patrol boat. It is not carrying illegal drugs and it is not destined for North America. I perceive that this vessel is government owned by a Latin Country. It is a motored vessel of moderate length (see sketch) powered by diesel.
